

**CASTLESTONE**   
LIMESTONE PAVERS & BULLNOSE  
POOLSIDE | LANDSCAPING | DRIVEWAYS | ALFRESCO

YOU WON'T FIND  
A **COOLER** PAVER

**Castlestone is a family owned Western Australian company where good old fashioned and friendly service is never in short supply.**

At Castlestone you will deal with the people who own the company, as we are big enough to produce consistently high quality products to surpass your expectations and small enough to give your project our full attention. Castlestone pavers and pool capping are made from the highest grade Western Australian limestone, using world class manufacturing techniques ensuring consistently high quality products that stand the test of time.

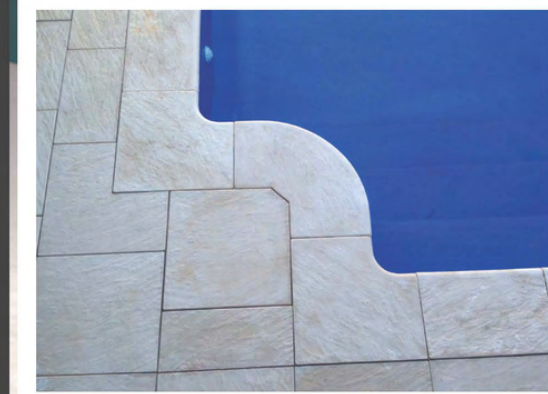

CASTLESTONE

Castlestone pavers are amongst the highest quality limestone pavers made in Western Australia. Our pavers are carefully crafted to exacting standards. This ensures that your project will be straight forward to install and the result will be a seamless and attractive indoor and outdoor landscape.

**Why choose Castlestone?**

- Digitally weighed to ensure consistent dimensions
- Independently strength tested
- All products incorporate water proofing agents
- Three patterns in a variety of colours
- Colour infused throughout entire paver

**Call us today on 9303 4433 or visit [www.castlestone.net.au](http://www.castlestone.net.au)**

## COLOUR RANGE

We provide a range of Australian earth colours designed to suit a variety of landscape requirements.

## PAVER PATTERNS

Castlestone pavers come in two depths. The 40mm paver is suitable for pedestrian use and the Castlestone 60mm paver is designed for driveways.

## BORDER PATTERNS

Borders are used to frame and define areas, break up similar coloured areas and create a focus or point of interest.

## BULLNOSE OPTIONS

Bullnose pavers finish pool edges, walls or garden beds, and create additional seating. Our bullnose come in a square and round profile and varying widths.

**Talk to us today on 9303 4433  
to discuss your requirements**
